Want to experience this excitement? Come join us for Tucker University! This program is so versatile that you can make multiple block sizes with one trimming tool. You can also apply what you learn in Tucker University in the patterns you like to increase your accuracy.

Tucker University is designed to be a 12-month program. While each class does build upon previous classes, you can also jump in at any time. This can be a self-taught program or you can join us for our Tucker University Classes offered the second Saturday and the third Wednesday of the month. Supplies: Sewing machine, open toe foot, quarter inch foot, thread, scissors, rotary cutter, small cutting board, ruler for cutting WOF, small iron and small ironing board.

## Leymone Trails Quilt

It's time to use all of the knowledge we have acquired to make a stunning quilt! The Leymone Trails quilt from Studio 180 Designs utilizes the Tucker Trimmer 1, Squared Square and Leymone Star trimming tool. The fabrics featured in the kit are jewel tone Folio's, white and black. It is amazing! Kits are available now in the store and current stock is limited.

**REFRESHER COURSE  
JULY 7<sup>TH</sup> 1:00-4:30**

(after the BOM party and lunch)

**This will be instructional time on the 3 trimming tools  
and how they are used in this quilt.**

We can also use this time to cut out the quilt and get a good start on piecing the quilt. This course is included in the cost of your Leymone Star kit. If you choose to use your own fabrics then a \$25 course fee applies.

Note: If you have not participated in Tucker University but would like to make this quilt, please give us a call! We can hook you up.
